About

Welcome to the SAMED x YES Alumni Programme, a ground breaking collaboration between the South African Medical Technology Industry Association (SAMED) and the Youth Employment Service (YES). Designed to address the needs of YES programme alumni who have completed a 12-month working experience at a MedTech company or affiliated implementation partner, but have not yet found employment. This platform provides a unique opportunity for talented individuals, to showcase their CVs to potential future employers in the medical technology industry.

At SAMED, we recognise the immense potential of young professionals and the value they bring to our industry. Through this partnership with YES, we aim to bridge the gap between talented alumni and the employers seeking their skills and expertise. By leveraging this platform, both job seekers and employers can connect, fostering meaningful employment opportunities and driving positive change in the medical technology sector.

For alumni of the YES programme, this platform serves as a stepping stone towards fulfilling career paths. Whether you have recently completed the

The platform offers **employment opportunities** for youth who have not yet found employment in the medical technology industry.

SAMED members have access to youth who have completed a 12-month working experience with a SAMED member or partner, gaining valuable MedTech job experience.

The platform provides an easy-to-use mechanism for **showcasing youth CVs** to potential employers.

SAMED members can assist youth who have not yet found employment to increase their chances of finding new **work opportunities**.

The platform helps **build a talent pipeline** for the MedTech industry by capacitating youth with industry knowledge.

Alumni Programme

Employers within the medical technology industry will discover a diverse pool of talented individuals who are eager to contribute their skills and make a difference. By engaging with the SAMED x YES Alumni Programme, employers gain access to a talent pool of motivated and qualified candidates who can bring fresh perspectives and innovative ideas to their organisations.

We invite both job seekers and employers within the SAMED umbrella, to explore the SAMED x YES Alumni Programme and unlock a world of opportunities. Together, let us build a stronger future for the medical technology industry, where talent and innovation thrive. Join us on this transformative journey today.
